FREELANCE EXPERIENCE

Freelance Graphic Designer & UI/UX Designer | 4 Years of Client Experience

Over 4 years of hands-on experience working with clients to create logos, brand identities, social media designs, promotional materials, and modern UI/UX designs. Skilled in Figma, Adobe Photoshop, Illustrator, Canva, and AI-powered creative tools. Experienced in understanding client requirements, developing creative concepts, managing revisions, and delivering high-quality designs within deadlines while maintaining strong visual consistency and user experience.

SELECTED PROJECTS

Mobile App UI/UX Design — Created modern mobile application interfaces with user-centered layouts, intuitive navigation, wireframes, and interactive prototypes. Focused on consistency, usability, typography, spacing, and responsive visual design.

Logo Design Collection — Developed creative and memorable logo concepts for different businesses and personal brands. Explored typography, composition, symbolism, color, and visual balance to create unique brand marks that communicate each brand's identity.

Social Media & Promotional Design — Designed engaging social media posts, promotional banners, advertisements, and digital marketing creatives for different client requirements. Focused on strong visual communication, composition, typography, and attention-grabbing layouts.

Brand Identity Design — Created complete visual identity concepts including logo systems, typography, color palettes, brand elements, and supporting marketing materials. Maintained a consistent visual language across different brand applications.

Creative Portfolio & Personal Branding — Designed a modern personal portfolio and visual presentation to showcase creative work, design projects, and professional capabilities with a clean, visually appealing, and consistent design style.
